 priyanshujaiswal171

EDUCATION

Galgotias University, Greater Noida

B.Tech in Computer Science & Engineering - 7.72

Oct 2022 - Present

Kendriya Vidyalaya, New Delhi

Senior Secondary – PCM (Class XII) - 7.89

Apr 2020 - Mar 2021

WORK EXPERIENCE

EduSkills Foundations

RPA Developer Virtual Intern

Jul 2024 - Sep 2024

- Built basic UiPath bots for web data extraction and Excel automation
- Simulated and tested automation workflows using UiPath Orchestrator for faster deployment

AI-ML Virtual Intern

Sep 2023 - Nov 2023

- Worked on ML models using AWS tools like SageMaker
- Practiced classification and clustering with sample datasets

PROJECTS

Smart Contact Manager

Jan 2025 - Mar 2025

- **Tech Stack:** Java, Spring Boot, Hibernate, MySQL, OAuth2, JWT, Swagger, Postman
- Engineered REST APIs for user contact management with full CRUD operations
- Integrated Google/GitHub login using OAuth2 and Spring Security
- Handled data persistence with MySQL + Hibernate and documented APIs with Swagger
- Tested endpoints using Postman for frontend integration

eBank Manager – Java Desktop System

Jun 2024 - Aug 2024

- **Tech Stack:** Java, Swing, JDBC, MySQL
- Developed a desktop banking app with secure login, PIN management, and transaction history
- Connected GUI to MySQL backend using JDBC with input validation and error handling
- Implemented modular OOP architecture, enhancing code reusability and simplifying maintenance

Student Result Management System

Apr 2023 - May 2023

- **Tech Stack:** Java, Swing, File I/O, OOP
- Built a student performance management system with admin and student login modules
- Added features for record entry, result viewing, and automated performance reports
- Used File I/O for data persistence and structured the code using object-oriented principles

SKILLS

- **Languages:** Java, Python, JavaScript, SQL, HTML, CSS, Kotlin
- **Frameworks & Libraries:** Spring Boot, Hibernate, React, Chart.js
- **Databases:** MySQL
- **Developer Tools:** Git, Docker, UiPath Studio, VS Code, Eclipse, Android Studio, GitHub, Canva
- **Technologies & APIs:** REST APIs, Swagger, OAuth2, JWT, localStorage, AWS (basic), Postman
- **Soft Skills:** Problem Solving, Team Collaboration, Time Management, Communication, Quick Learning
